We Bring History to You!

Middle and High School Teaching Trunks Program

Experience History through the Eyes of U.S. Marines

**See USMC uniforms and
equipment from World
War II and Vietnam!**

The best way to experience history through the eyes of U.S. Marines is to visit the [National Museum of the Marine Corps](#) in person. However, teachers who are unable to bring students to the Museum can arrange for one of our staff members to deliver “hands on” learning activities to the classroom. Our interactive teaching trunk programs for grades 6-12 include: World War II in the Pacific (1941-1945) and Marines in Vietnam (1965-1973). Please [contact one of our education specialists](#) for more information. When you are ready to schedule a visit, call 703-965-3198.
