

Recommended Visit Plan for Large Student Groups

- The purpose of this plan is to maximize instructional time and minimize congestion in the Museum. Organization, communication, and advance planning guarantee the best possible experience for students as well as for teachers and chaperones. Please contact us at 703-965-3198 for assistance in planning your visit.
- **A large student group is defined as 40+ students.** For groups of less than 40 students, this plan is optional, depending on the teacher’s needs.
- Each group **(A-D)** must have at least one adult chaperone per every ten students.
- Depending on the **total** number of students visiting with their school, there may be more than ten students in **Groups A-D**, as long as the student to chaperone ratio (10:1) is maintained.
 - For example, a **total** group size of 120 students would have 30 students and 3 adults in **Groups A-D**. A **total** group size of 200 would have 50 students and 5 adults in **Groups A-D**.
- NMMC opens daily at 9:00am. Recommended visit time is about 3 hours. Arrival times and intervals between destinations within the Museum may be adjusted depending on the specific needs of the teacher.
 - For example, a group with 2 only hours to visit the Museum may spend only 15 minutes in each of the galleries, skip Scuttlebutt Theater and the Museum Store, etc.
- Groups who pack their own lunches must eat at the Museum’s *outdoor* picnic facility. To order student lunches (“dine in” or “to go”) from the Mess Hall, please call 703-649-2369.
